

Co-Curriculum at Home

Monday 5th October – Sunday 11th October

Welcome to Term 4 and to another edition of Co-Curriculum @ Home.

How did you spend your holidays? Perhaps you enjoyed reading, playing games or getting outdoors embracing the relaxing of restrictions on outdoor activities. Whether you're in Prep or Year 12, I hope you can find some time this week to try something new from the many activities below. As this is the last week of remote learning for Year P-6, this is your last week to win house points from home.

- Please always exercise caution online.
- Be extra safe for activities that have a practical element or require use of equipment.
- Primary students should check in with a Parent/Guardian first before participating in activities.
- All participation in this program must follow Marymede school rules & Conduct in the Online Environment information sent by Ms Hall.
