

CURRICULUM AT MARYMEDE CATHOLIC COLLEGE

Students at Marymede Catholic College are to be proactive learners by actively engaging in all classroom activities and all aspects of College life.

Secondary School students will experience a broad and diverse curriculum in both Year 7 and 8 and will have the opportunity to choose from a wide range of elective subjects from Year 9 onwards which will prepare them for the VCE, VET or VCAL and subsequently allow them entry into employment and tertiary education. We believe that all learners at Marymede Catholic College will have the opportunity to succeed regardless of background or ability. The College is also proud to announce the introduction of our Trade Skills Centre on Campus grounds which will further expand the Post-Secondary pathways available to our students in 2016 and beyond.

Subject handbooks for Years 9-12 can be found online by visiting:
<http://www.marymede.vic.edu.au/secondary/curriculum>

For further information regarding the Secondary School Curriculum please contact the College on 9407-9000. Please note: Curriculum is subject to change pending review each year.
